Dear Mr. Smith:

We would like to take this opportunity to express our deepest appreciation to you and your staff for their excellent coordination and work in providing an Easi-Set Precast Concrete Building for our Liquid Oxygen Servicing Shelter.

We wish especially to extend a special thanks to Mr. Kevin Culbertson. Too rarely are requests for assistance to complete a complicated task answered so quickly and so enthusiastically. Your company made time to go above and beyond the job requirements and assisted our people in following through with the project completion. Believe me, your hard work and support in this project "did make a difference."

Again, on our behalf, please thank your entire staff and all of the personnel who assisted, for making this project a success.

Sincerely,

A handwritten signature in black ink, appearing to read "R. K. Hudgens".
